Unterwellenborn, 02nd January 2017**Declaration following Leed's Certification**

Further to your request for a statement related to Leed's Certification we are pleased to provide you with the following information:

Stahlwerk Thüringen GmbH is located in Germany, 07333 Unterwellenborn, Kronacher Straße 6; www.stahlwerk-thueringen.de.

Stahlwerk Thüringen GmbH manufactures steel products: Sections, Beams, Channels and Steel Sleepers utilizing the electric arc furnace steel making process.

The feedstock for our electric arc furnace consists of approximately 88 % post-consumer (used and recycled), 12 % pre-consumer material.

90% of the scrap is originated within a 500 mile radius of the mill.

Please do not hesitate calling me if you need any additional information.

Stahlwerk Thüringen GmbH established an integrated management system to assure quality (according DIN EN ISO 9001) environmental protection (according DIN EN ISO 14001), work and health safety (according OHSAS 18001) and energy management (according DIN EN ISO 50001). Since 2000 this has been annually certificated.

Yours sincerely

Rolf Wandler
Head of Sales & Logistics
Stahlwerk Thüringen GmbH
